

## Architectural Review Board

### Architectural Review Board

The Architectural Review Board is charged with advising the City Council on issues affecting our diverse commercial districts (NW 36th Street and the Central Business District in the heart of our downtown). The members have been working on developing uniform signage, standards and practices that will make our downtown more vibrant to consumers and residents. Livelier commercial districts are not only more attractive to business owners and prospective owners, they also create a destination that inspires commerce and put our beloved Miami Springs on the map. The Board extends an invitation to community members to join them the first Wednesday of every month, share ideas, and offer input to help create a thriving business district in our downtown that benefits all.
